Installing VirtualBox

Installing VirtualBox

The screenshot shows a web browser window with the address bar displaying `https://www.virtualbox.org/wiki/Downloads`. The browser's address bar also shows several tabs, including "Downloads - Oracle VirtualB...", and a search bar. The page header features the VirtualBox logo and navigation links: Home, Download, Documentation, and Community. A search bar is also present. The main content area is titled "Download VirtualBox" and includes a disclaimer about the VirtualBox Extension Pack license. Below this, there are two main sections: "VirtualBox Platform Packages" and "VirtualBox Extension Pack". The "VirtualBox Platform Packages" section lists various operating systems supported by VirtualBox 7.2.6, including Windows, macOS, Linux, and Solaris. The "VirtualBox Extension Pack" section provides information about the extension pack, including its license and a link to the FAQ. At the bottom of the page, there are three boxes: "Change Log", "File Checksums", and "User Guide".

The image shows a terminal window titled "Debian [Running]" with a standard macOS-style title bar (red, yellow, green buttons). The terminal output is as follows:

```
Debian GNU/Linux 12 Debian tty1

Debian login: francesc
Password:
Linux Debian 6.1.0-43-arm64 #1 SMP Debian 6.1.162-1 (2026-02-08) aarch64

The programs included with the Debian GNU/Linux system are free software;
the exact distribution terms for each program are described in the
individual files in /usr/share/doc/*/copyright.

Debian GNU/Linux comes with ABSOLUTELY NO WARRANTY, to the extent
permitted by applicable law.
Last login: Sat Feb 14 18:53:40 CET 2026 on tty1
francesc@Debian:~$ ls
francesc@Debian:~$ _
```

At the bottom of the window, a macOS dock is visible with various application icons and the text "Left 96" on the right side.
